# TABLE OF CONTENTS

|                           |         |
|---------------------------|---------|
| Hospital Beds             |         |
| • ICU Bed                 | HB-001  |
| • Hospital Pediatric Bed  | HB-002  |
| • Semi Fowler Bed         | HB-003  |
| • Burn Unit Bed           | HB-004  |
| • Simple Hospital Bed     | HB-005  |
| Medical Trolleys          |         |
| • Medical Trolley         | MT-001  |
| • Emergency Trolley       | MT-002  |
| • Hospital Trolley        | MT-003  |
| Hospital Furniture        |         |
| • Hospital Ward Equipment | HF-001  |
| Surgical Instruments      |         |
| • Iris Scissor            | SUR-001 |
| • Needle Holder           | SUR-002 |
| Laboratory Equipment      |         |
| • Bunsen Burner           | LAB-001 |
| • Retort Stand            | LAB-002 |
| • Double Jar Machine      | LAB-003 |
| Laboratory Instruments    |         |
| • Binocular Microscope    | LAB-004 |
| • Tuning Fork             | LAB-005 |
| Laboratory Accessories    |         |
| • Retort Clamp            | LAB-006 |
| • Burette Clamp           | LAB-007 |
| • Boss Head Clamp         | LAB-008 |
| • Four Finger Clamp       | LAB-009 |
| • Three Finger Clamp      | LAB-010 |

|                      |         |
|----------------------|---------|
| • Retort Ring        | LAB-011 |
| • Lab Jack           | LAB-012 |
| • Laboratory Spatula | LAB-013 |
| • Test Tube Holder   | LAB-014 |
| • Test Tube Stand    | LAB-015 |
| • Tripod Stand       | LAB-016 |
| • Tripod Stand Round | LAB-017 |

### Electronic Enclosures

|                              |         |
|------------------------------|---------|
| • Junction Box               | ENC-001 |
| • Sheet Metal Box            | ENC-002 |
| • SS Enclosure               | ENC-003 |
| • Electrical Boxes           | ENC-004 |
| • Aluminium Electronic Boxes | ENC-005 |

### Storage Solutions

|                            |         |
|----------------------------|---------|
| • Slotted Angle Rack       | STR-001 |
| • Slotted Angle Metal Rack | STR-002 |

### Industrial Fabrication

|                           |         |
|---------------------------|---------|
| • Laser Cutting Services  | FAB-001 |
| • Sheet Metal Fabrication | FAB-003 |

### Engineering Services

|                           |         |
|---------------------------|---------|
| • Product Design Services | FAB-002 |
|---------------------------|---------|

# Hospital Beds

HOSPITAL BEDS

ICU Bed

SKU: HB-001

Premium ICU bed designed for intensive care units with adjustable positioning, patient safety features and durable hospital-grade construction.

- Adjustable Backrest
- Heavy Duty Steel Frame
- Side Safety Rails
- Smooth Mobility Wheels
- Hospital Grade Finish

|          |               |
|----------|---------------|
| Material | Mild Steel    |
| Finish   | Powder Coated |
| Mobility | Castor Wheels |
| Usage    | ICU Care      |

HOSPITAL BEDS

Hospital Pediatric Bed

SKU: HB-002

Specially designed pediatric hospital bed offering safety, comfort and durability for child patient care environments.

- Child Safety Rails
- Comfortable Design
- Powder Coated Frame
- Easy Cleaning
- Long Service Life

|          |                |
|----------|----------------|
| Material | Steel          |
| Finish   | Powder Coated  |
| Usage    | Pediatric Care |
| Safety   | High           |

HOSPITAL BEDS

Semi Fowler Bed

SKU: HB-003

Semi Fowler bed engineered for patient comfort with adjustable backrest support and durable construction.

- Adjustable Back Section
- Strong Steel Construction
- Comfort Oriented Design
- Easy Operation
- Long Lasting Performance

|          |              |
|----------|--------------|
| Material | Steel        |
| Finish   | Epoxy Coated |
| Type     | Semi Fowler  |
| Mobility | Optional     |

HOSPITAL BEDS

Burn Unit Bed

SKU: HB-004

Specialized burn unit bed designed to provide patient comfort, safety and efficient treatment support.

- Advanced Patient Positioning
- Durable Construction
- Easy Cleaning
- Medical Grade Finish
- Patient Safety Design

|          |               |
|----------|---------------|
| Material | Steel         |
| Finish   | Medical Grade |
| Usage    | Burn Care     |
| Safety   | Enhanced      |

HOSPITAL BEDS

Simple Hospital Bed

SKU: HB-005

Standard hospital bed designed for general wards offering patient comfort, ease of use and long service life.

- Simple Flat Design
- Durable Steel Frame
- Easy Cleaning
- Stable Construction
- Long Service Life

|          |               |
|----------|---------------|
| Material | Steel         |
| Finish   | Powder Coated |
| Usage    | General Ward  |
| Mobility | Fixed         |

# Medical Trolleys

MEDICAL TROLLEYS

## Medical Trolley

SKU: MT-001

Multi-purpose medical trolley designed for hospitals and healthcare facilities with smooth movement and robust construction.

- Smooth Castor Wheels
- Durable Structure
- Easy Mobility
- Corrosion Resistant
- Hospital Grade Quality

|          |                   |
|----------|-------------------|
| Material | Stainless Steel   |
| Wheels   | Heavy Duty        |
| Usage    | Medical Transport |
| Finish   | Polished          |

MEDICAL TROLLEYS

## Emergency Trolley

SKU: MT-002

Emergency trolley designed for rapid response medical environments with organized storage and mobility.

- Emergency Ready Design
- Multiple Drawers
- Easy Mobility
- Strong Construction
- Quick Access Storage

|          |                |
|----------|----------------|
| Material | Steel          |
| Drawers  | Multiple       |
| Wheels   | Lockable       |
| Usage    | Emergency Care |

MEDICAL TROLLEYS

Hospital Trolley

SKU: MT-003

Heavy duty hospital trolley designed for transportation of medical supplies, instruments and patient care equipment within healthcare facilities.

- Smooth Mobility
- Durable Construction
- Hospital Grade Design
- Easy Maintenance
- High Load Capacity

|          |                    |
|----------|--------------------|
| Material | Stainless Steel    |
| Wheels   | Heavy Duty Castors |
| Usage    | Medical Transport  |
| Finish   | Polished           |

# Hospital Furniture

HOSPITAL FURNITURE

## Hospital Ward Equipment

SKU: HF-001

Comprehensive hospital ward equipment designed to improve patient care, safety and operational efficiency.

- Hospital Grade Quality
- Durable Construction
- Easy Maintenance
- Patient Friendly Design
- Long Service Life

|          |                |
|----------|----------------|
| Material | Steel          |
| Finish   | Powder Coated  |
| Usage    | Ward Care      |
| Quality  | Hospital Grade |

# Surgical Instruments

SURGICAL INSTRUMENTS

Iris Scissor

SKU: SUR-001

Precision iris scissors manufactured for delicate surgical procedures, laboratory applications and medical instrument requirements.

- Precision Cutting
- Stainless Steel Construction
- Fine Sharp Blades
- Corrosion Resistant
- Medical Grade Quality

|          |                     |
|----------|---------------------|
| Material | Stainless Steel     |
| Type     | Surgical Instrument |
| Finish   | Polished            |
| Quality  | Medical Grade       |

SURGICAL INSTRUMENTS

Needle Holder

SKU: SUR-002

High quality surgical needle holder suitable for handling and positioning needles during medical procedures.

- Secure Grip
- Rust Resistant
- Strong Construction
- Easy Handling
- Long Life

|          |                 |
|----------|-----------------|
| Material | Stainless Steel |
| Finish   | Polished        |
| Usage    | Needle Handling |
| Quality  | Medical Grade   |

Laboratory Equipment

LABORATORY EQUIPMENT

Bunsen Burner

SKU: LAB-001

Laboratory heating device used for sterilization, combustion and scientific experiments in educational and research laboratories.

- Stable Flame Control
- Durable Metal Construction
- Easy Gas Regulation
- Laboratory Grade Design
- Long Service Life

|          |                  |
|----------|------------------|
| Fuel     | Gas              |
| Material | Metal            |
| Usage    | Heating          |
| Quality  | Laboratory Grade |

LABORATORY EQUIPMENT

Retort Stand

SKU: LAB-002

Heavy duty retort stand designed to support laboratory apparatus during scientific testing and experiments.

- Stable Base
- Corrosion Resistant
- Heavy Duty Rod
- Laboratory Grade Finish
- Long Lasting Construction

|           |                   |
|-----------|-------------------|
| Material  | Metal             |
| Finish    | Powder Coated     |
| Usage     | Support Equipment |
| Stability | High              |

LABORATORY EQUIPMENT

Double Jar Machine

SKU: LAB-003

Laboratory double jar machine designed for mixing, grinding and preparation of samples in research, industrial and educational laboratories.

- Dual Jar Operation
- Smooth Performance
- Robust Construction
- Reliable Motor System
- Long Operational Life

|           |                    |
|-----------|--------------------|
| Type      | Double Jar Machine |
| Operation | Electric           |
| Usage     | Sample Processing  |
| Quality   | Industrial Grade   |

# Laboratory Instruments

LABORATORY INSTRUMENTS

## Binocular Microscope

SKU: LAB-004

Economical electric binocular microscope designed for educational, laboratory and scientific observation with clear optical performance.

- Binocular Viewing Head
- Electric Illumination
- Clear Optical Resolution
- Durable Construction
- Educational Grade Quality

|              |                        |
|--------------|------------------------|
| Type         | Binocular Microscope   |
| Illumination | Electric               |
| Viewing      | Dual Eyepiece          |
| Usage        | Laboratory Observation |

LABORATORY INSTRUMENTS

## Tuning Fork

SKU: LAB-005

Precision tuning fork used for sound frequency demonstrations, scientific experiments and educational applications.

- Accurate Frequency
- Durable Construction
- Educational Use
- Reliable Performance
- Long Service Life

|           |                   |
|-----------|-------------------|
| Material  | Steel             |
| Frequency | Standard          |
| Finish    | Polished          |
| Quality   | Educational Grade |

# Laboratory Accessories

LABORATORY ACCESSORIES

## Retort Clamp

SKU: LAB-006

Precision laboratory clamp used for securely holding glassware and scientific apparatus during experiments.

- Firm Grip
- Adjustable Position
- Corrosion Resistant
- Strong Construction
- Easy Installation

|            |                   |
|------------|-------------------|
| Material   | Steel             |
| Finish     | Chrome Plated     |
| Usage      | Glassware Holding |
| Durability | High              |

LABORATORY ACCESSORIES

## Burette Clamp

SKU: LAB-007

Laboratory burette clamp designed for safe and stable holding of burettes during titration procedures.

- Strong Holding Capacity
- Adjustable Design
- Corrosion Resistant
- Precision Alignment
- Durable Construction

|           |                 |
|-----------|-----------------|
| Material  | Steel           |
| Usage     | Burette Holding |
| Finish    | Powder Coated   |
| Stability | High            |

LABORATORY ACCESSORIES

Boss Head Clamp

SKU: LAB-008

Laboratory boss head clamp for securely attaching rods, burettes and support accessories to retort stands during scientific experiments.

- Strong Metal Construction
- Secure Grip
- Corrosion Resistant
- Easy Adjustment
- Laboratory Grade Quality

|          |                     |
|----------|---------------------|
| Material | Metal Alloy         |
| Usage    | Support Mounting    |
| Finish   | Corrosion Resistant |
| Quality  | Laboratory Grade    |

LABORATORY ACCESSORIES

Four Finger Clamp

SKU: LAB-009

Adjustable four finger laboratory clamp for holding flasks, condensers and glassware securely during laboratory procedures.

- Adjustable Grip
- Durable Construction
- Chemical Resistant Coating
- Easy Mounting
- Strong Holding Capacity

|             |                   |
|-------------|-------------------|
| Material    | Metal             |
| Type        | Four Finger Clamp |
| Adjustment  | Manual            |
| Application | Glassware Support |

LABORATORY ACCESSORIES

Three Finger Clamp

SKU: LAB-010

Precision three finger clamp used for securely holding laboratory glassware and instruments during testing and research applications.

- Adjustable Fingers
- Firm Grip
- Laboratory Grade Finish
- Long Service Life
- Easy Installation

|          |                         |
|----------|-------------------------|
| Material | Metal                   |
| Usage    | Glassware Holding       |
| Finish   | Laboratory Grade        |
| Mounting | Retort Stand Compatible |

LABORATORY ACCESSORIES

Retort Ring

SKU: LAB-011

Laboratory retort ring used to support funnels, wire gauze and laboratory vessels during heating and filtration operations.

- Heavy Duty Construction
- Corrosion Resistant
- Stable Support
- Universal Compatibility
- Laboratory Grade Quality

|             |                    |
|-------------|--------------------|
| Material    | Metal              |
| Type        | Support Ring       |
| Finish      | Powder Coated      |
| Application | Laboratory Support |

LABORATORY ACCESSORIES

Lab Jack  
SKU: LAB-012

Height adjustable laboratory jack designed to provide stable support for laboratory instruments and experimental setups.

- Adjustable Height
- Heavy Duty Construction
- Smooth Operation
- Stable Platform
- Long Service Life

|            |                    |
|------------|--------------------|
| Material   | Mild Steel         |
| Adjustment | Manual             |
| Usage      | Instrument Support |
| Finish     | Industrial Grade   |

LABORATORY ACCESSORIES

Laboratory Spatula  
SKU: LAB-013

Laboratory spatula designed for transferring, mixing and handling chemicals in research and testing environments.

- Chemical Resistant
- Easy Cleaning
- Durable Build
- Smooth Finish
- Precision Handling

|          |                   |
|----------|-------------------|
| Material | Stainless Steel   |
| Finish   | Polished          |
| Usage    | Chemical Handling |
| Quality  | Laboratory Grade  |

Test tube holder

LABORATORY ACCESSORIES

Test Tube Holder

SKU: LAB-014

Laboratory test tube holder designed for safe handling of test tubes during experiments and heating procedures.

- Secure Grip
- Lightweight Design
- Heat Resistant
- Easy Handling
- Laboratory Grade Quality

|          |                    |
|----------|--------------------|
| Material | Metal              |
| Usage    | Test Tube Handling |
| Finish   | Polished           |
| Quality  | Laboratory Grade   |

LABORATORY ACCESSORIES

Test Tube Stand

SKU: LAB-015

Laboratory test tube stand designed for safe storage, organization and handling of multiple test tubes.

- Multiple Tube Capacity
- Chemical Resistant
- Stable Design
- Easy Cleaning
- Laboratory Grade Quality

|          |                   |
|----------|-------------------|
| Material | Metal / Polymer   |
| Usage    | Test Tube Storage |
| Capacity | Multiple Tubes    |
| Quality  | Laboratory Grade  |

LABORATORY ACCESSORIES

Tripod Stand

SKU: LAB-016

Laboratory tripod stand used for supporting glassware and heating equipment during experiments.

- Stable Support
- Heat Resistant
- Strong Construction
- Laboratory Grade
- Long Service Life

|           |                   |
|-----------|-------------------|
| Material  | Metal             |
| Usage     | Support Equipment |
| Stability | High              |
| Finish    | Powder Coated     |

LABORATORY ACCESSORIES

Tripod Stand Round

SKU: LAB-017

Round laboratory tripod stand designed to support beakers, flasks and heating apparatus during scientific experiments.

- Stable Three Leg Design
- Heat Resistant Construction
- Strong Support Structure
- Laboratory Grade Quality
- Long Service Life

|          |                    |
|----------|--------------------|
| Material | Metal              |
| Type     | Round Tripod Stand |
| Usage    | Heating Support    |
| Finish   | Heat Resistant     |

# Electronic Enclosures

ELECTRONIC ENCLOSURES

## Junction Box

SKU: ENC-001

Industrial grade junction box designed for electrical protection, cable management and safe equipment installation.

- Weather Resistant
- Strong Construction
- Corrosion Resistant
- Easy Installation
- Long Service Life

|              |                  |
|--------------|------------------|
| Material     | Metal            |
| Protection   | Industrial Grade |
| Installation | Wall Mount       |
| Finish       | Powder Coated    |

ELECTRONIC ENCLOSURES

## Sheet Metal Box

SKU: ENC-002

Precision fabricated sheet metal enclosure suitable for industrial electronics and electrical applications.

- Heavy Duty Build
- Precision Fabrication
- Corrosion Resistant
- Industrial Grade
- Customizable Design

|          |                   |
|----------|-------------------|
| Material | Sheet Metal       |
| Finish   | Powder Coated     |
| Usage    | Equipment Housing |
| Quality  | Industrial Grade  |

ELECTRONIC ENCLOSURES

SS Enclosure

SKU: ENC-003

Premium stainless steel enclosure providing superior protection for industrial electrical and electronic systems.

- Stainless Steel Construction
- Rust Resistant
- Industrial Protection
- Heavy Duty Design
- Long Life Performance

|            |                  |
|------------|------------------|
| Material   | Stainless Steel  |
| Protection | Industrial Grade |
| Finish     | Polished         |
| Durability | High             |

ELECTRONIC ENCLOSURES

Electrical Boxes

SKU: ENC-004

High quality electrical boxes for safe cable routing, power distribution and protection of electrical components.

- Heavy Duty Construction
- Weather Resistant Design
- Precision Fabrication
- Corrosion Resistant Finish
- Custom Size Availability

|            |                    |
|------------|--------------------|
| Material   | Sheet Metal        |
| Finish     | Powder Coated      |
| Protection | Industrial Grade   |
| Usage      | Electrical Housing |

ELECTRONIC ENCLOSURES

Aluminium Electronic Boxes

SKU: ENC-005

Premium aluminium and stainless steel electronic enclosures designed to protect sensitive electrical and electronic equipment.

- Corrosion Resistant
- Durable Construction
- Custom Cutouts Available
- Industrial Protection
- Long Service Life

|            |                             |
|------------|-----------------------------|
| Material   | Aluminium / Stainless Steel |
| Protection | Industrial Grade            |
| Mounting   | Wall / Floor                |
| Finish     | Powder Coated               |

Storage Solutions

STORAGE SOLUTIONS

Slotted Angle Rack

SKU: STR-001

Industrial storage rack system designed for warehouses, workshops and commercial storage applications.

- Heavy Load Capacity
- Modular Design
- Easy Assembly
- Corrosion Resistant
- Long Service Life

|          |               |
|----------|---------------|
| Material | Steel         |
| Finish   | Powder Coated |
| Usage    | Storage       |
| Capacity | Heavy Duty    |

STORAGE SOLUTIONS

Slotted Angle Metal Rack

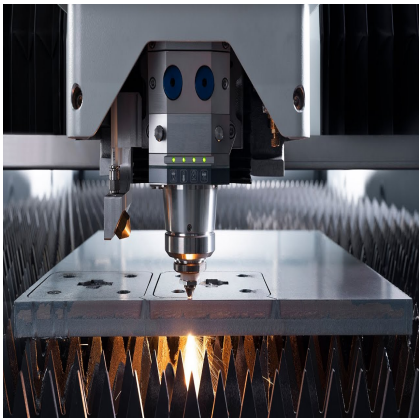

SKU: STR-002

Heavy duty slotted angle metal rack for industrial and commercial storage with high load capacity and modular assembly.

- High Load Bearing
- Easy Assembly
- Corrosion Resistant
- Adjustable Shelves
- Industrial Grade

|          |               |
|----------|---------------|
| Material | Steel         |
| Finish   | Powder Coated |
| Type     | Slotted Angle |
| Capacity | Heavy Duty    |

# Industrial Fabrication

INDUSTRIAL FABRICATION

## Laser Cutting Services

SKU: FAB-001

Precision laser cutting solutions for sheet metal components delivering accurate dimensions, clean edges and high repeatability.

- High Precision Cutting
- Smooth Edge Finish
- Complex Shape Capability
- Fast Production
- Custom Design Support

|             |                     |
|-------------|---------------------|
| Technology  | Laser Cutting       |
| Material    | MS / SS / Aluminium |
| Accuracy    | High Precision      |
| Application | Custom Fabrication  |

INDUSTRIAL FABRICATION

## Sheet Metal Fabrication

SKU: FAB-003

Precision sheet metal fabrication services including cutting, bending, punching, welding and assembly for industrial applications.

- Custom Fabrication
- Precision Manufacturing
- Industrial Quality
- Multiple Material Support
- Scalable Production

|            |                     |
|------------|---------------------|
| Material   | MS / SS / Aluminium |
| Process    | Fabrication         |
| Finish     | Custom              |
| Production | Industrial Grade    |

# Engineering Services

ENGINEERING SERVICES

Product Design Services

SKU: FAB-002

Professional product design and development services for industrial components, sheet metal products and custom engineering solutions.

- Custom Product Development
- 3D Design Support
- Prototype Assistance
- Engineering Consultation
- Manufacturing Optimization

|             |                          |
|-------------|--------------------------|
| Service     | Product Design           |
| Support     | Engineering              |
| Output      | Production Ready Designs |
| Development | Custom Solutions         |
